Quote from Day 2
Keynote: Jasmine Roberts

Social justice is a process, not a destination.

The opening panel set the scene for the whole conference with the question:

“What, in open education, has helped give you some joy or shown care?”

This perfectly represents what being in such a caring, fun community means to me. Laughter in both the good and tough times 😊

Did we hear someone talking about hope?

A keynote with active, community-building engagement, centering student work, embracing randomness, incorporating central concepts & pedagogical priorities as BINGO terms. I mean, wow.

Thank you Dr. Laura Gibbs!
